**Scope of the journal.** This journal publishes original research papers and surveys papers in mathematics. Its scope is to promote study and research in all fields of mathematics and to contribute to the diffusion of the mathematical culture. The publication of the articles is subject to the approval of one or more referees; the referee's choice is entrusted to the Editorial Board. Mathematicians of Italian and foreign Universities compose the Editorial Board.

**Submission of papers.** Articles submitted for publication must be written in English and must not have been published before or be under consideration for publication elsewhere. Authors may send papers to one of the Secretaries either by e-mail or on a DOS/Windows floppy disk. The preferred format for submission is  $\LaTeX$ .

The articles must be double-spaced, with wide margins; the authors must also supply an abstract, keywords and MSC 2000 classification. References must be in alphabetical order, with journal's names abbreviated according to Mathematical Reviews conventions.

The articles accepted for publication must be in  $\LaTeX$ , preferably in the journal's own style. The authors may download the style file and instructions from the journal's site. Articles in a different format may also be accepted, but the translation in the journal's style will slow the publication. Figures must be in Encapsulated PostScript (TM) (.eps) format. You should choose 0.1mm of width for thin lines and 0.3mm of width for thick lines in your drawing program. Other formats may be accepted, but the quality of printing could be lower.

Authors will receive 50 reprints without cover, free of charge. Additional reprints may be purchased directly from Aracne Editrice s.r.l. (see below).

**Editorial information.** Note di Matematica is edited by the Department of Mathematics, University of Salento, Italy, since 1981. The journal is published in one volume per year in two issues, in the months of January and July. Note di Matematica is also available via exchange with other journals. All correspondence should be addressed to: Note di Matematica, Dipartimento di Matematica "Ennio De Giorgi", Università del Salento, Via per Arnesano 73100 LECCE (Italy) e-mail: note.di.matematica@unisalento.it. This issue has been typeset by A. Trifoglio, antonella.trifoglio@unisalento.it. The author and maintainer of the style file is the Prof. R. Vitolo (Dipartimento di Matematica "E. De Giorgi", Università del Salento, via per Arnesano, 73100 Lecce, Italy; raffaele.vitolo@unisalento.it).

Note di Matematica is published by Università del Salento and distributed by Aracne Editrice s.r.l. The price for a single issue is 25,00 Euro, and the price for an annual subscription (2 issues) is 48,00 Euro. Requests of offprints, issues, and subscriptions should be addressed to:
